The time has come to go our ways,
So remember all our happy days,
How studied, loafed, and togethers
For all has passed, and now is gone.

Columbus dreamed a dream and a new continent was discovered. American patriots dreamed a dream of liberty and freedom, and a new nation was born. Business men, inventors, adventurers, men on the farm and in the workshop dreamed dreams, and a great nation was settled and developed. Yes, all progress is built on men's dreams.

In our youthful immature way we, too, dream our dreams. As we see the flag hoisted to the top of the staff each morning, we dream of playing our part in making America great.

Some days we dream of lesser things

that are important only to us and the small world we live in at C. H. S. It may be the dream of the campus beautiful as we see P. T. A. members landscaping the school grounds. It may be the dream of a paved parking area as we contemplate the puddles after a rain. It may be the dream of a happy Christmas for all men everywhere as we decorate the Christmas tree in the lobby.

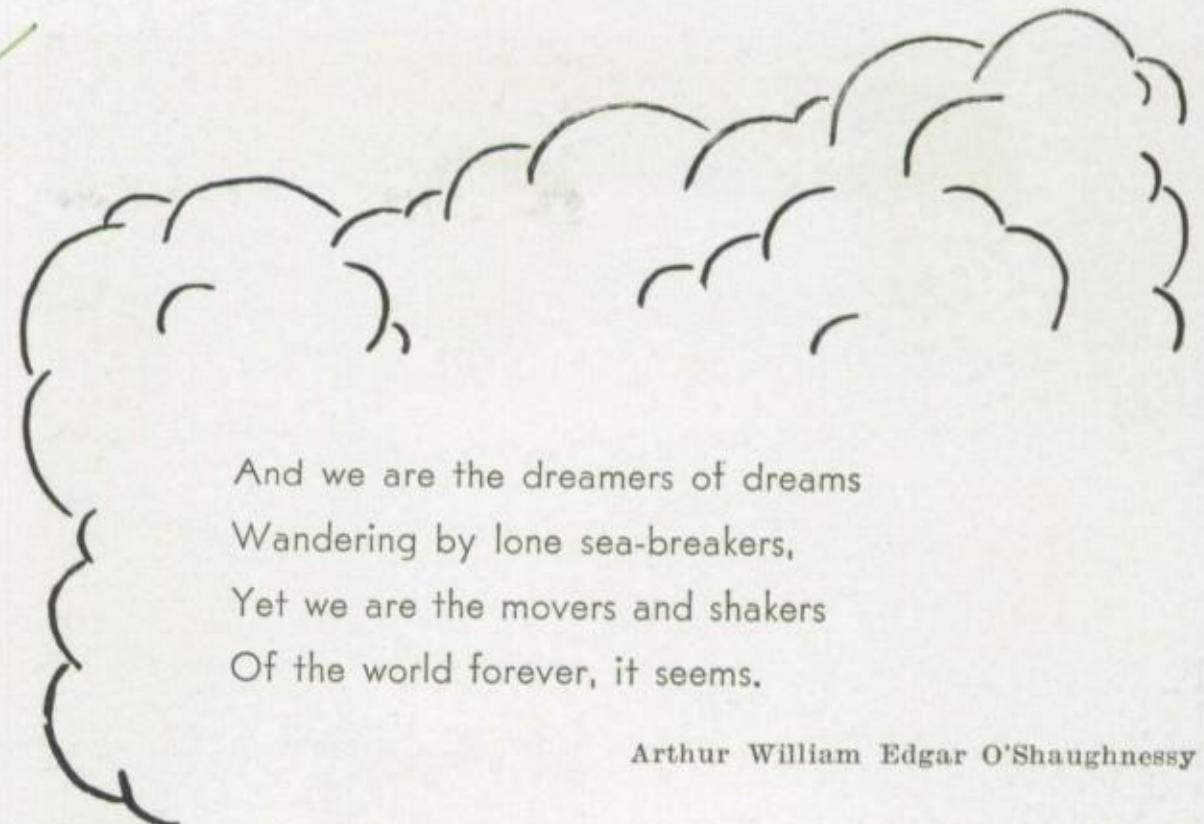

All of us dream our dreams as we live our high school days. And who shall say what great events will flow from these humble dreams of ours, these dreams we dreamed in C. H. S. in 1955?

Seniors

Back in the Fall of 1951 a large group of freshmen entered the 9th grade in the old building. The next Fall they helped to initiate the new C. H. S. Back in their freshmen days they dreamed a dream that is soon to come true. They dreamed of graduation, of caps and gowns, and of the moment Mr. Bird would hand them a diploma. Leading the seniors through their final year were President Daniel Herringa, Vice President Charles Miltner, Secretary Frances Ridolph, and Treasurer Mary Westberg.

The juniors helped their treasury last Fall by selling popcorn at the football games. These busy sales people are Kay Moon, Mary Deveraux, Richard McKinley, Jerry Fellows, Margaret Stroh, and Jill Newcomb. In the wagon are Sheilia Blaugh and Pauline Garrow.

Rings, formerly selected in the junior year, were selected in the sophomore year so that the students might have the satisfaction of wearing them during their last two years in high school. Around the table with the salesman are the committee members, Charles Hitesman, Carl Munson, Georgia Munson, and Corinne McGuire.

175 Sophomores Join C.H.S. Dreamers

The big wheels of the Junior High School became just small marbles again last Fall when they entered Senior High School as sophomores. One of their first jobs was to hold an election. Keith Wittenstrom held down the post of president. Harold Salive was elected vice president, Joyce Pettengill, secretary, and Margaret Nugent, treasurer.

Helping Our Dreams Come True

The first person one would meet in an official call to the High School would be Mrs. Lillie in the principal's office. She took over last Fall when Mary Lou Amundsen re-

signed. Then there's Mr. Mills, our principal. Following along the office row we meet Miss Kardell and then her boss, Mr. Bird, superintendent of schools.

Friendly **Rex Austin** teaches the technique of good driving to the students of C. H. S. He is dean of boys and faculty athletic manager. He received his B. S. degree from Central Michigan College.

Edward A. Babcock keeps himself busy helping to guide the seniors through their many activities. He also advises the Hi-Y Club and the Cadillac staff. Chemistry, physics, and journalism are his teaching responsibilities. He obtained an A. B. degree at Central Michigan College and an M. A. at Michigan State College. Mr. "B" dreams of some day seeing many trees around our school.

A jack-of-all-trades on our teaching staff is **H. R. Becker** who teaches English and history besides being athletic director and coach of football and track. He received his B. S. degree from Central Michigan College. Mr. Becker also dreams that the grounds around our school will soon be landscaped.

John Bradley helps turn the boys of C. H. S. into men of steel, for he teaches physical education and coaches the cross country, basketball, tennis, and eighth grade football teams. He acquired his B. S. and M. A. degrees at Michigan State College.

Our school treasury is handled by that honest-looking man, **Edward Cameron**. He teaches book-keeping and general business. The seniors have him for an adviser. He has a B. S. degree from Ferris Institute and an M. E. from Wayne University. Mr.

Cameron would like to see every student who enters C. H. S. graduate at the end of three years.

Ever step into the study hall third hour? Quiet, isn't it? It is led by **Frieda Dell** who also teaches typing, general business, and business law. She is the adviser for Tri-Hi-Y. Michigan State Normal granted her a B. S. degree. She wants C. H. S. to have an auditorium.

Last Fall **William P. Erb** stepped quietly into the halls of C. H. S. for the first time. He received a B. S. degree from Central Michigan College, teaches wood shop and mechanical drawing, and advises the Arts and Crafts Club.

Have you noticed the art displays in the third wing showcase? They were placed there by the art students of **Clyde J. Flickinger**. Besides art, he teaches English and stage design. He obtained a B. S. degree at Central Michigan College and an M. A. at the University of Michigan.

A very exacting lady is **Beatrice J. Hutchins** who teaches algebra, geometry, and trigonometry. She also is dean of girls. An A. B. degree was granted to her by Western Michigan College.

The one who is teaching the arts of good cooking and sewing to the homemakers of the future is **Wilma Keeler**. She also helps to advise the mighty seniors and is co-sponsor of the Future Homemakers Club. Central Michigan College gave her a B. S. degree.

Ila L. Minier
Donald J. Stockwell

Quiet and friendly **Alice Kenaga** graduated with a B. S. degree from Central Michigan College. She is a sophomore adviser and the teacher of shorthand and typing.

Gerald C. Lillie was granted his B. S. degree at Central Michigan College. He teaches related training to co-occupational students, coordinates the co-occupational training, and directs adult education. He dreams of C. H. S. students keeping the school looking neat and clean.

One of our quietest teachers is **Eunice Malleaux**. A B. S. degree at Northwestern University and graduate work at the University of Michigan have qualified her to teach American history.

Frances Messner, in her sincere, pleasant manner, teaches the mother tongue to the students of C. H. S. The junior class has her as their financial sponsor. She earned her A. B. degree at the University of Michigan.

Ila L. Minier opens the door to better reading for the students as she is our librarian and adviser for the Teen Age Book Club. She is also a sophomore adviser. She received her A. B. degree from Central Michigan College and did graduate work at the University of Denver.

The popular **Patricia Nicholson** teaches girls' physical education. She sponsors the G. A. A. and

the varsity and reserve cheer leaders. Northern Michigan College is where she received her B. S. degree. She would like to see an active school spirit displayed in all phases of our school activities.

Stephen P. Siddall, who can tell a joke in a quiet way, received his A. B. degree from Central Michigan College and is now teaching government, economics, and world history. He is also a junior class adviser.

Wesley S. Sommers has a B. S. degree in marine engineering and naval architecture. He earned this handsome title at the University of Michigan. A busy man, he teaches metal shop, machine shop, and blueprint reading, advises the sophomores and the Arts and Crafts Club, and coaches golf.

Jack R. Stevens teaches all vocal music in Cadillac High School. He received his bachelor and master of music degrees at Michigan State College. Mr. Stevens dreams of having an A Cappella Choir and an operetta every year.

Any band music you hear in Cadillac is almost sure to be directed by **Donald J. Stockwell**, for he has charge of the senior and junior bands as well as instrumental music in the grade schools. He earned a B. S. degree at Western Michigan College and an M. M. at Michigan State.

He received an A. B. degree from Hope College and an M. A. from the University of Michigan. Mr. Van dreams of having an auditorium in C. H. S.

If you see a teacher carrying a hamster in the halls, you can be sure it is **Mary Elizabeth Vilas** who teaches biology and English. She is a senior

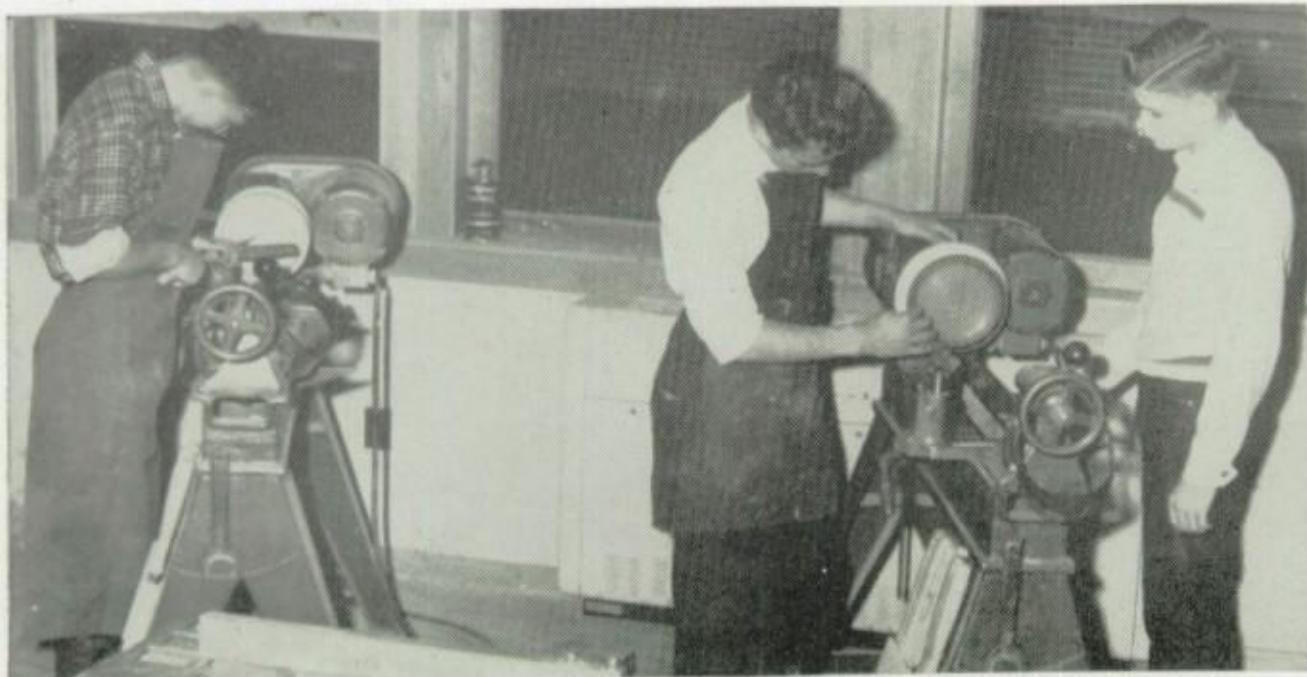

adviser and received a B. S. degree at Central Michigan College and an M. A. at the University of Michigan.

"Tomorrow and tomorrow and tomorrow," says Shakespeare by way of **Lorraine H. Worden** who teaches senior English, sophomore English, and French. She is the Y-Teens adviser. Hope College granted her an A. B. degree. She dreams of the time when every graduate of C. H. S. will be able to speak and write his native language in a creditable manner.

When Mary Lou Van Hoose resigned to be married, the teachers honored her at a tea. Standing are Mr. Cameron, Mr. Babcock, Mr. Flickinger, Mr. Sommers, Mr. Carpenter, and Miss Vilas.

Seated around the table, clockwise, are Mrs. Kenaga, Mary Lou, Miss Nicholson, Miss Kardell, Mrs. Malleaux, and Mrs. Worden.

Land of Sawdust and Metal Filings

Many of our boys are interested in working with their hands and with machines. In our wood and metal shops they have an

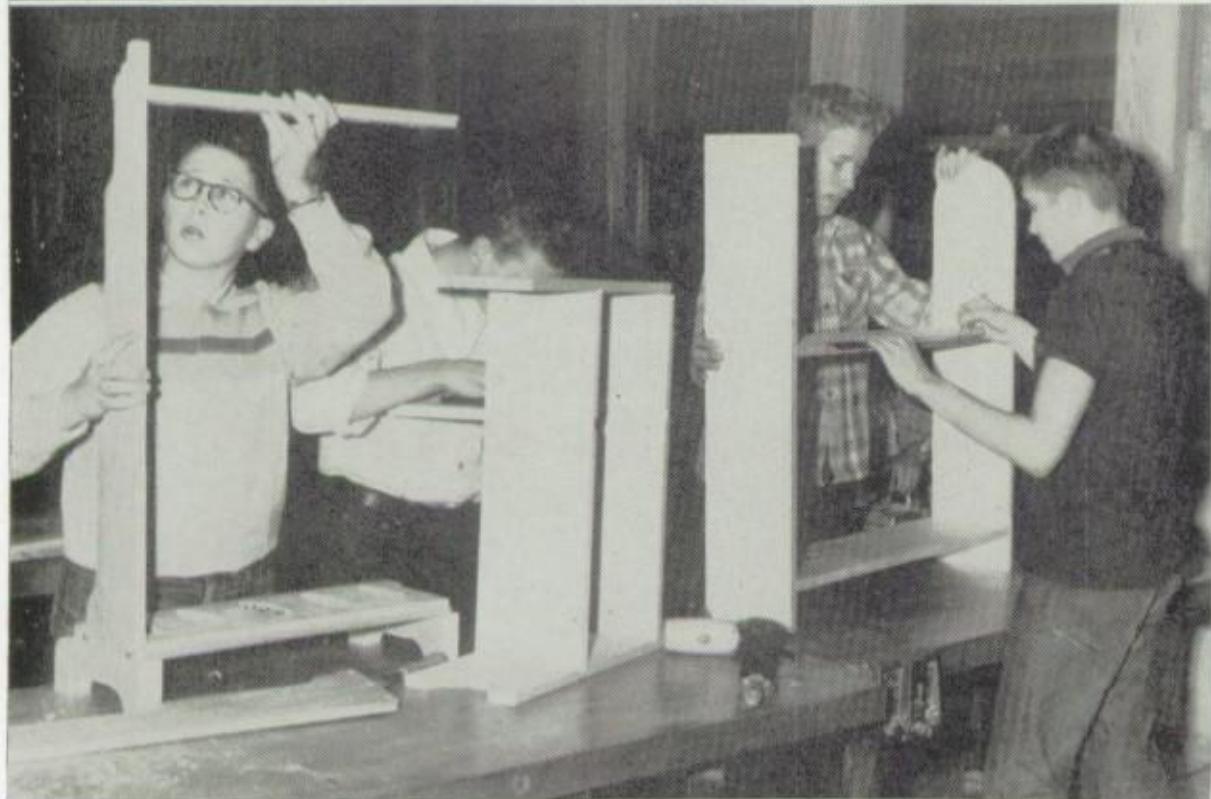

opportunity to develop many mechanical skills. They learn all the steps, from the first plan to the final polish.

The dream of things to come first takes shape on the drawing boards.

The boys in shop class learn that the circular saw makes quick work of ripping a board. At the machine are King Andersen, Delbert Edwards, and Morris Peterson.

Science Students Dream of New Worlds

Ever wonder what makes you tick, why a rotten egg smells, or why a machine runs? Just ask our science students. They know the answers to such questions as those. In

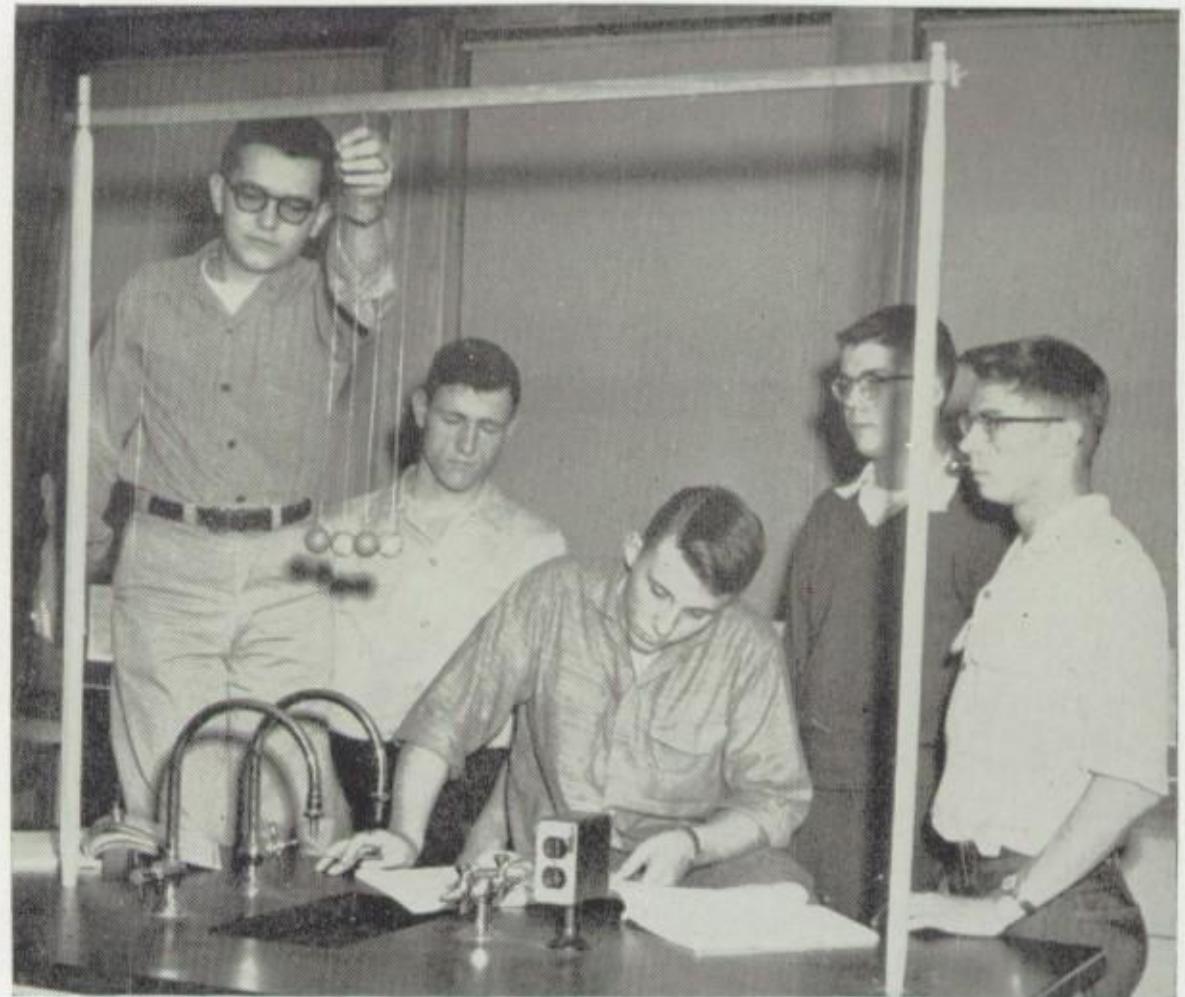

biology class, they study all forms of plant and animal life, while chemistry and physics teach them to perform strange and dangerous experiments.

Art Students Celebrate Halloween

Do you yearn to become a great artist, or do you want to paint for a hobby? Whichever you choose, there is a place for you in one of the art classes of C. H. S.

There are classes in drawing, painting, and modeling with clay. There are others in table and window decorations, and, if you like stage designing, there's a class in that too.

During Halloween, the art students painted pictures on the store windows.

Explaining How in Speech Class

Whether we are going to be doctors, teachers, factory workers, or housewives, we all want to speak freely and effectively with our associates. Once each week the sophomores and juniors practice speaking

before an audience. Sophomores, giving their first speeches, shiver with nervousness, but by the time they complete their junior year they are more confident and nearer the dream of becoming perfect speakers.

C. H. S. students learn the theory and practice of free elections. Hidden in the polling booth here four students mark their ballots in secrecy.

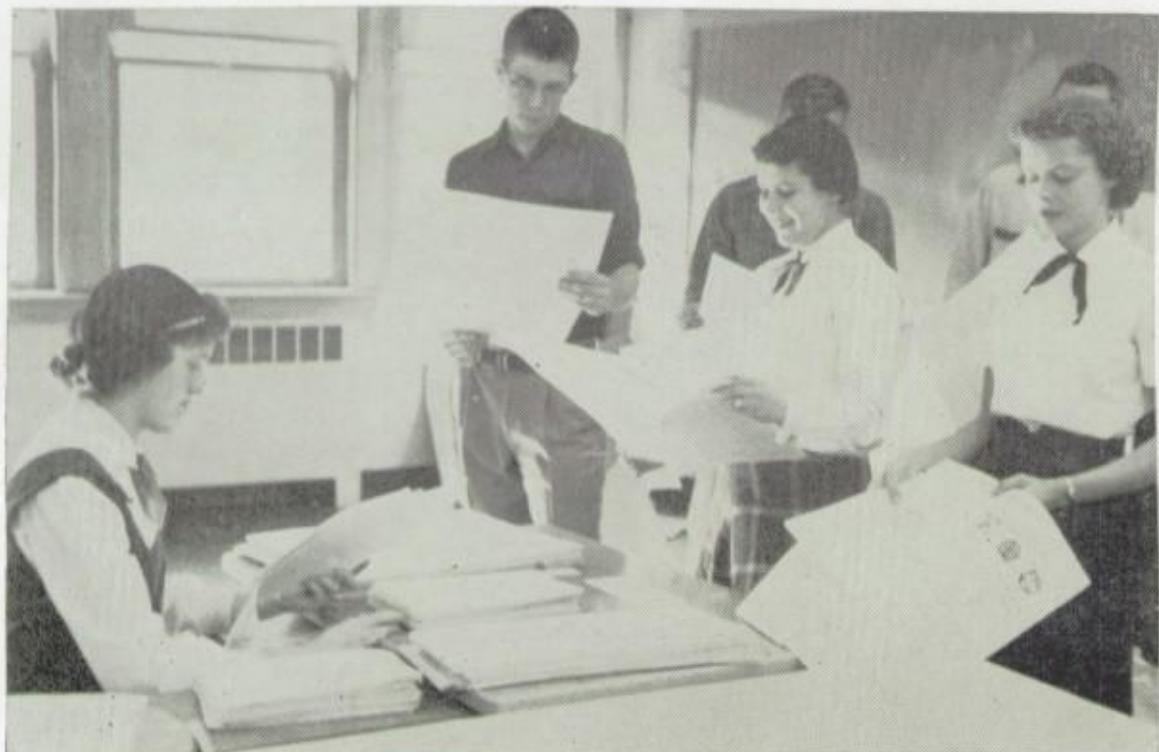

We Study History and Government

Throughout the ages men have dreamed. We study the dreams of the Egyptians, the Greeks, and the Romans in our world history classes. In American history juniors study the

dreams of our founding fathers, and to keep the dream of America alive, seniors study American government, economics, and sociology.

Doyle Pallister and Delbert Edwards enter the voting booths as Tom Breidenstein and Howard Bowman emerge with their folded ballots.

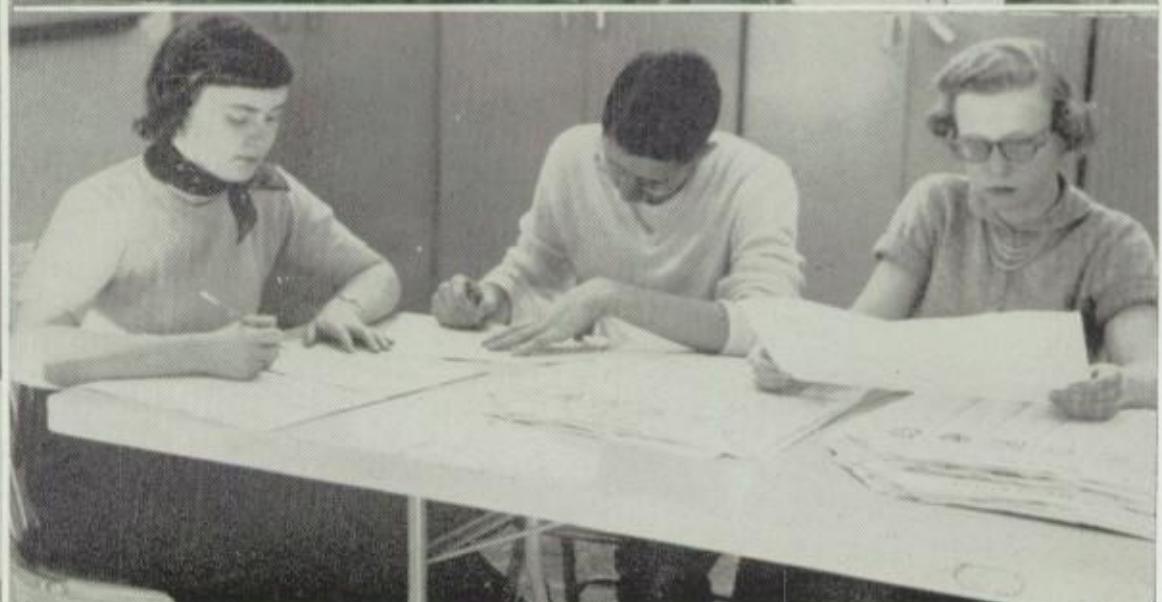

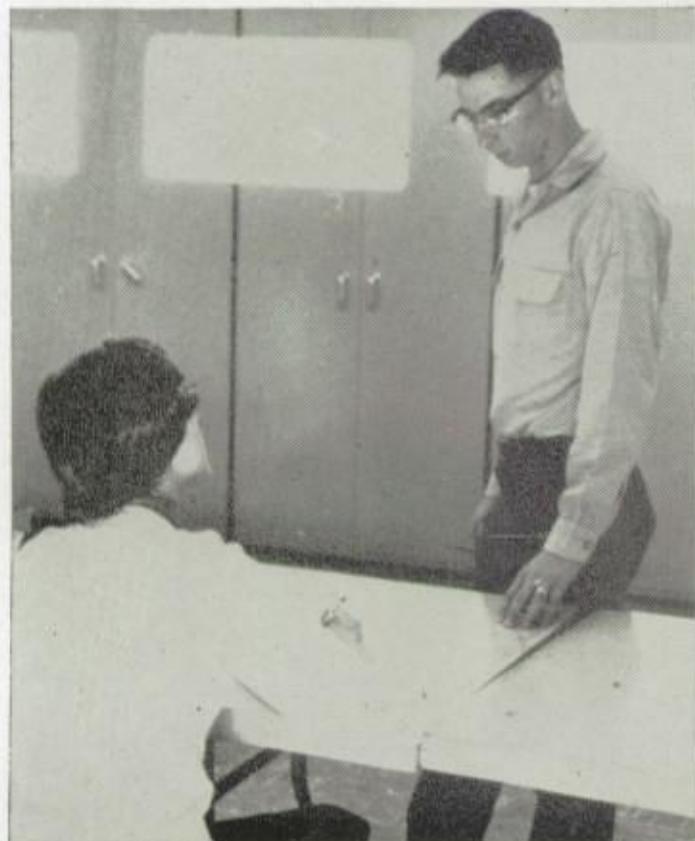

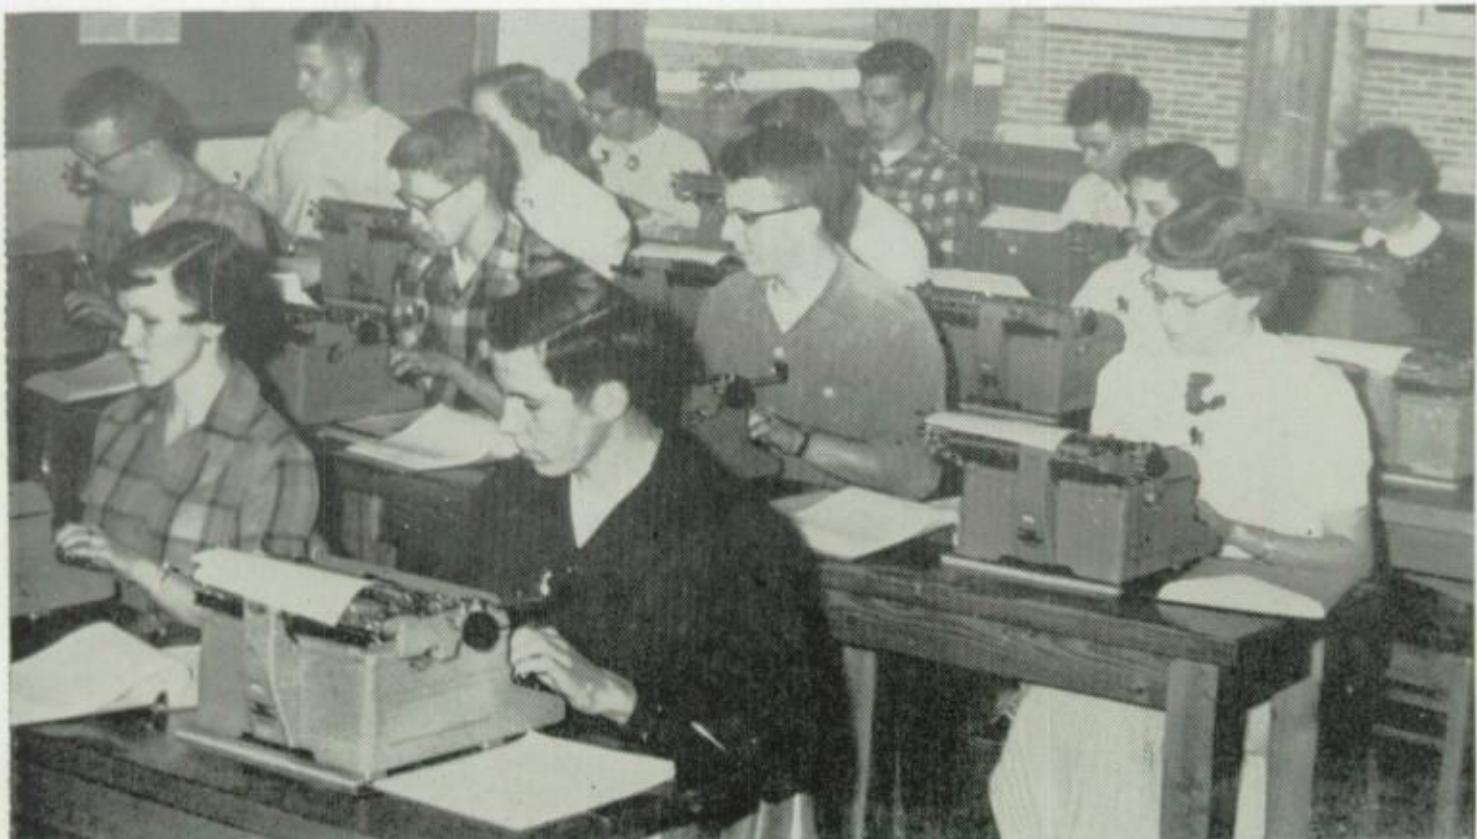

Voters James Cawley, Mary Budewitz, and Cherie Campbell receive their ballots from the election clerk, Patricia Kimel.

Business and Mathematics Wizards

Many of us are preparing ourselves to enter the business world. Our training may include experience in general business, typing, shorthand, and bookkeeping. Also the

mathematics department offers such courses as algebra, plane and solid geometry, and trigonometry for those of us who are interested in solving problems.

Geometry students make models for class study.

Learning to Drive Dream Cars

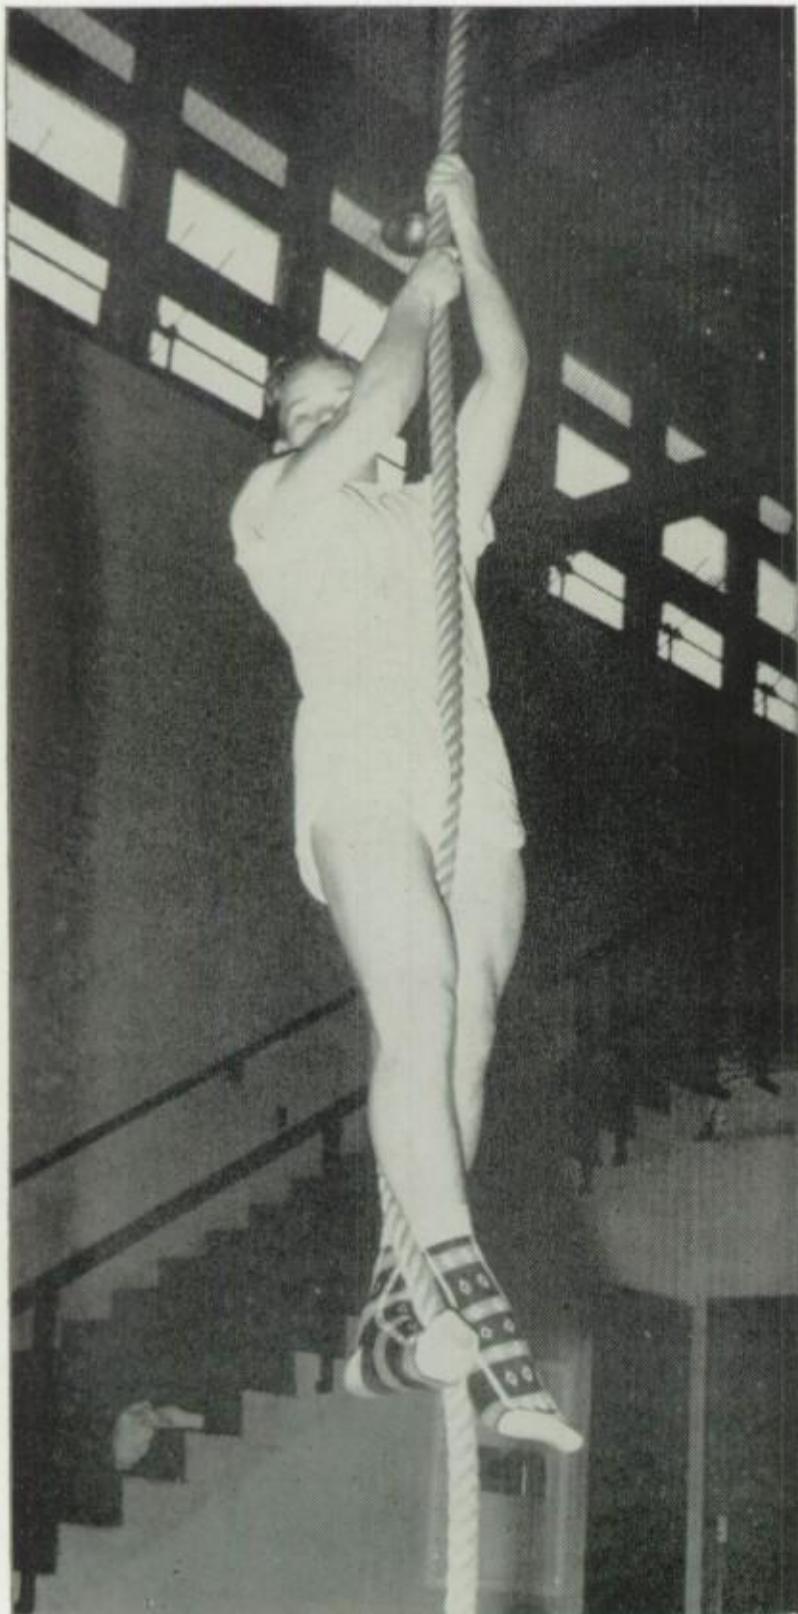

Every student dreams that some day he will own his own car, but first he must learn to drive and to drive skillfully. Cadillac High School has a program that turns out forty-

four qualified drivers each semester. Besides learning the correct driving techniques, our student drivers understand the fundamental mechanics of the car.

Judy Johnson and Stanley Sandelius watch William Kwlinski learn to back into a parking space.

Physical Education for Health's Sake

Gregory Sluiter

Largest classroom in the school is the gymnasium. Mondays and Wednesday see the boys of the sophomore and junior classes in the gym for classes in physical education. Tuesdays and Thursdays the girls meet for the same purpose. Miss Nicholson and Mr. Bradley put the students through their paces doing any one of a number of things that will build up the students' bodies. Sometimes, when the weather is nice, the classes meet out of doors to participate in one of the sports appropriate to the season.

Left: David Kidder and Val Blaugh practice the kick-off. **Right:** Sally Chesebro swings and misses while Sandra Welch makes a grotesque attempt to catch the ball.

Homemakers Train for Happy Homes

Every girl dreams that some day she will have a home of her own where she can be the lady of the house. Even to carry on this occupation of housewife there is a need for training. How to furnish a home tastefully, how to decorate it, how to make clothes, how to keep them clean, how to prepare nourishing meals economically, how to operate the many modern conveniences in today's homes, how, even, to plan a restful vacation for a family are all part of the education received in home making classes.

Linda West finishes Marilyn Torney's hem while Jane Carr measures Roselle Townsend for her dress.

Working on their new dresses in home economics class are Mary Wucker, Emilie Vander Vlught, Judith Peterson and Dorothy Nienhuis.

Dreaming of College? Study Languages

Charles Stout, Lee Kuizenga, Ann Sundstrom, and Dorothy Nienhuis display the various projects they have made for senior English class.

Imitating some of the characters in Chaucer's "Canterbury Tales" are Virginia Moyer, Gloria Botill, Patricia Dillon, and Kay Cooper.

The library draws many students during their vacant periods. In this group are Wanda Martin, Don Barnes, Charlene Bostwick, and Jerry Baker.

We are offered three languages in C. H. S. We all must take English, which teaches us to read and write our own language effectively. Then, if we want still more experience in the tongues of the world, we

can take Latin or French. Early in November we met with college representatives, and from them we learned the necessity of studying languages, both English and foreign, while still in high school.

Nancy Johnson treated her French class to cake she baked from a recipe she translated from the French.

Prospects for football success were not too bright when the 1954 season dawned. Handicapped by inexperience, the team was further pressed by a series of pre-season and early season injuries. The spirit of the boys was good but not strong enough to overpower their more fortunate opponents. On a schedule of nine games the Vikings were able to post only one victory, while losing eight.

For the first game of the 1954 season the Vikings took on Grand Haven. The Vikings weren't clicking right, and Grand Haven won, 39-6. Cadillac's only touchdown came on a nice run by Jerry Fagerman.

The next week the Vikings lost a close game to Muskegon Catholic Central. The

outcome of the game might have been different if it had not been for Cadillac's only fumble of the night on Muskegon's one-yard line. Cadillac's touchdowns came on fine runs by Ken Dodge and Dick VanWieren.

Players on the bench watch the play on the field with tense faces as the Vikings absorb a licking from the Manistee Chippewas.

Cadillac tacklers topple right and left as Manistee's Paul Tarr carries the ball.

The following week the Vikings took on their old rivals, the Traverse City Trojans, at Thirlby Field. The Vikings with inexperienced players were scored upon almost at will by the powerful Class A Trojans. Cadillac's lone touchdown came on a pass from Lamphere to Becker after a beautiful run by Bogner.

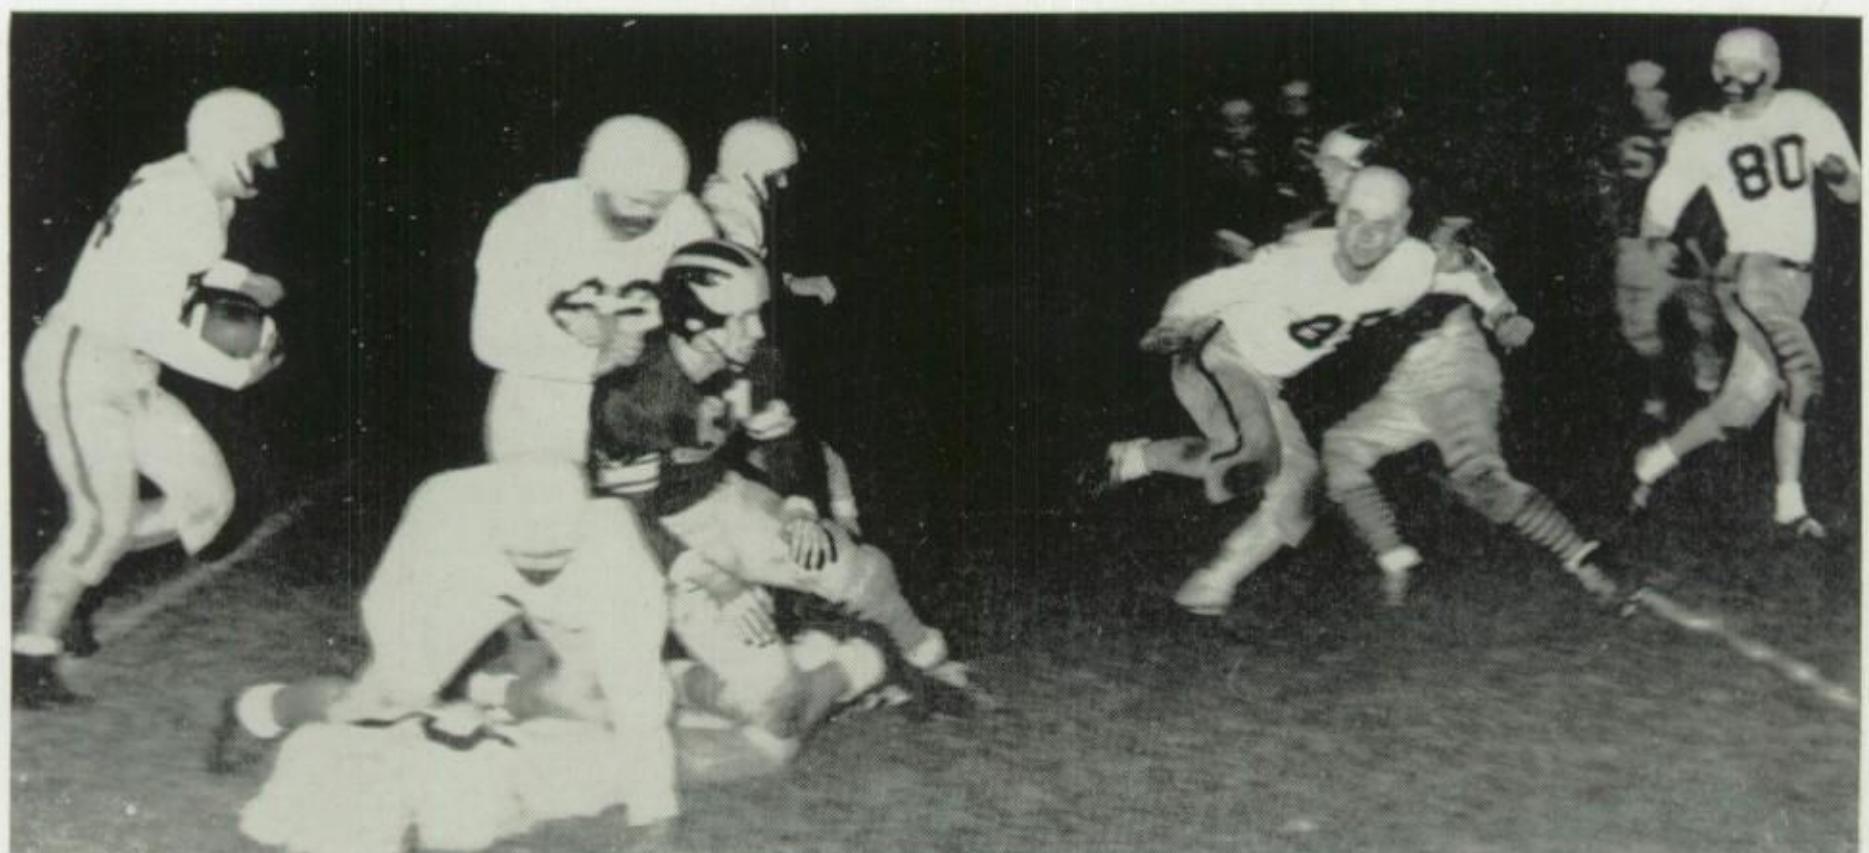

For the homecoming game the Vikings took on the Mt. Pleasant Oilers at Lincoln

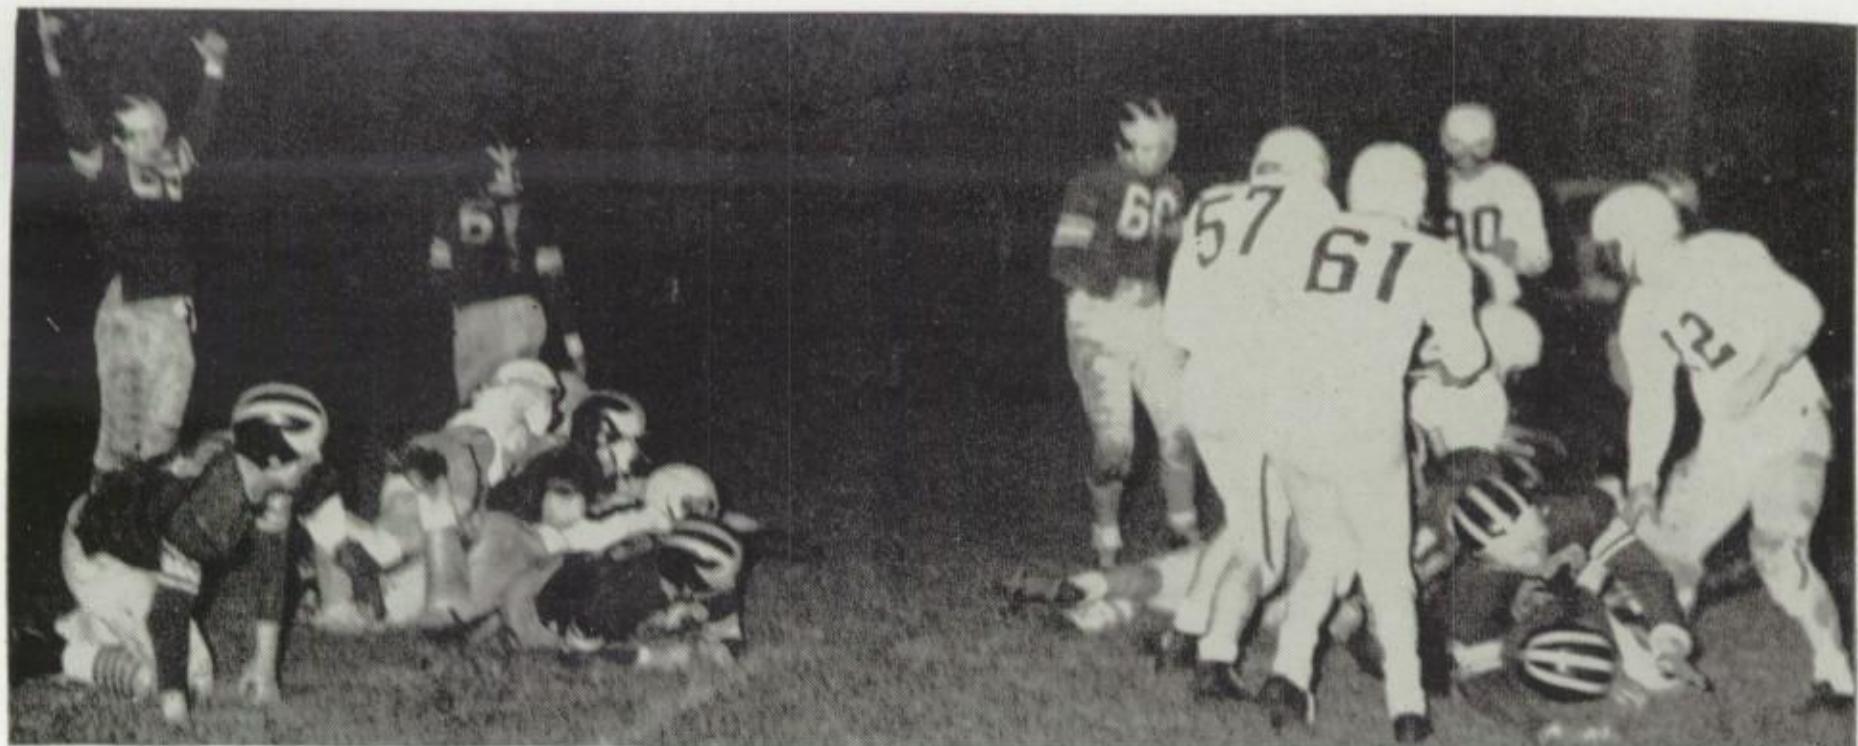

Field. The underdog Vikings fought Mt. Pleasant to a standstill in the first quarter. Then the old Viking jinx, the fumble, stepped in and spoiled any chance the boys had for beating the Oilers.

The Petoskey game was hard fought all the way with the Vikings ending up with a sweet and important 14 to 13 victory. The scores for Cadillac were made on a 55 yard run by Gumper, after a Petoskey fumble in

the first quarter, and a 2 yard pass from Dodge to VanWieren in the second quarter, with Becker plunging over after each touchdown to provide the victory margin.

Against Manistee the Vikings ran up against a surprisingly strong opponent, and were badly beaten, 35-6. The lone Cadillac touchdown came in the third quarter on

runs by Dodge and Becker with Dodge passing to VanWieren for the score.

The game with Ludington was played in a bad storm, but that didn't stop the Orioles as they outplayed the Vikings, 33-6. Cadillac's touchdown came on a pass from Dodge to Ferris. Bright spots in the Cadillac play were the defensive play of Becker and kickoff returns by Ferris.

The Vikings went into the Big Rapids game looking for their first Conference win, but the Cadillac offense wasn't working and the Vikings were shut out, 21-0. Bob Maddox saw action for the first time in five weeks. Keller, Lamphere, and Thompson stood out on defense.

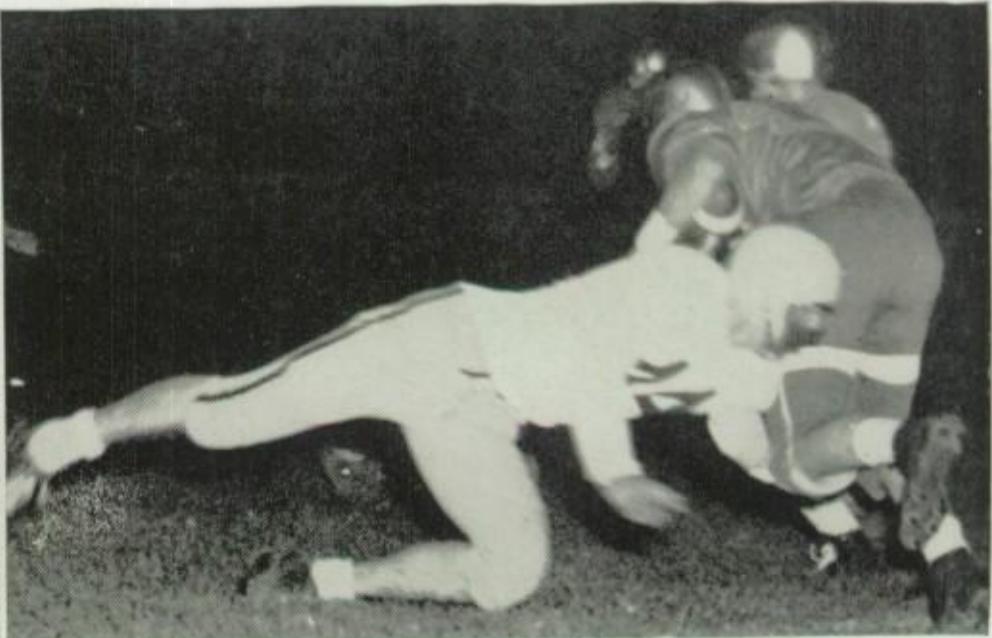

The Vikings played the final game of the 1954 season against the Alma Panthers.

Cadillac played good enough in spots, but fumbles and a good Alma offense gave the Panthers a 19-0 victory.

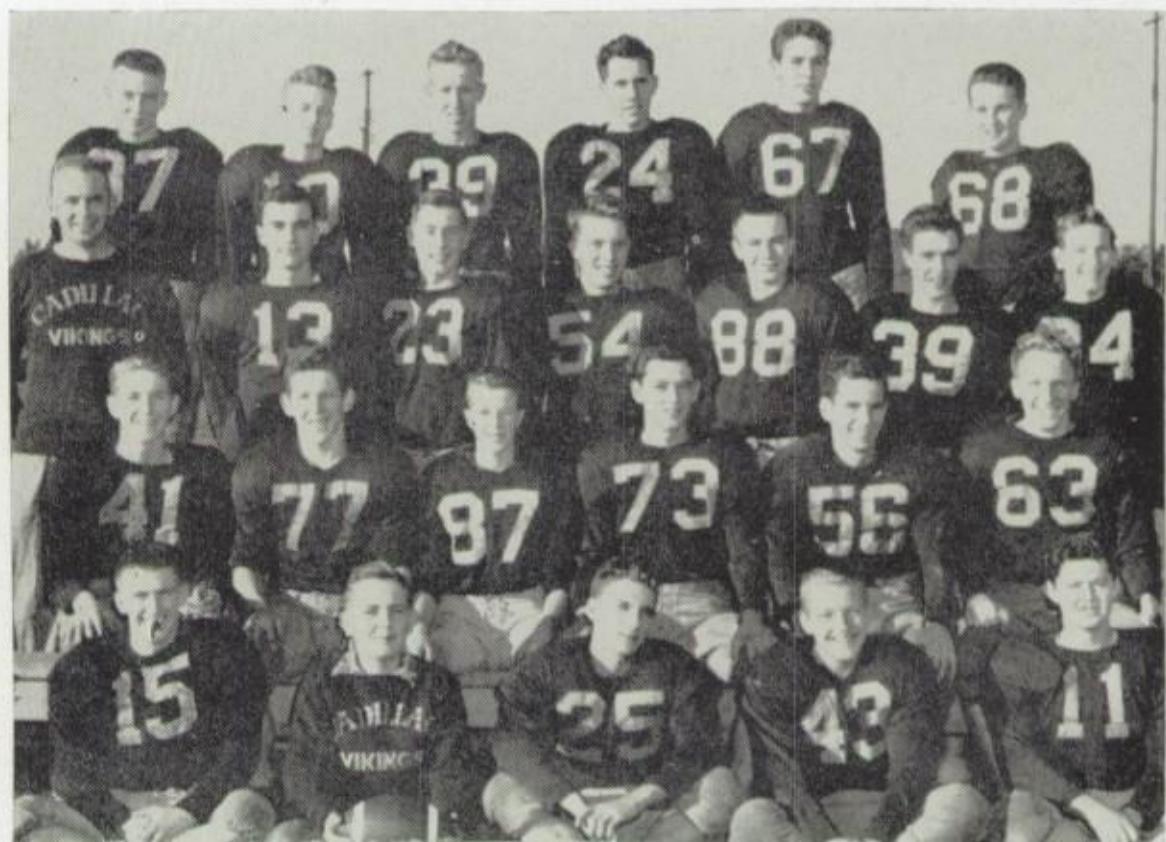

Robert Becker was selected as an end on the All-Conference first team, while Robert Maddox, Gordon Bell, and Dick Thompson were given honorable mention. Maddox and Becker were named co-captains of the 1954 team.

Cross Country - New Sport at C. H. S.

The Fall of 1954 marked the initiation of cross country sport into the rapidly expanding C. H. S. sports program. The boys found the first season rather rough going as they lost all five of their meets. The season, however, wasn't a failure because it served

as a conditioner for the coming basketball season, and it also gave the boys of C. H. S. something new. In the future it is hoped that more boys will become interested. The team was coached by John Bradley, who is also head basketball and tennis coach.

Leading the cheering at the reserve team games were Elizabeth Spoor, Judy Marshall, Nancy Powell, Sarah Brown, and Judy Cass.

Keith Wittenstrom, Mr. Curtis, Charles Miltner, Michael Walsh, Gary Miller, Keith Johnson, Richard Schumacher, Dennis Johnson, Ronald Anderson.

Ski Lovers Play in the Snow

This year marked the second year that skiing has been on the Cadillac High School sports program. This season, as well as last, proved to be a big success.

The boys' ski team, coached by Neil Curtis, participated in six meets. The boys won the Lower Peninsula Interscholastic championship, the big guns being Charles Miltner, Gary Miller, and Dennis Johnson. Charles Miltner and Dennis Johnson attend-

ed the ski meet in Whitefish, Montana, due to their fine showing in the other meets.

This year also marked the first year that the girls' ski team was able to participate individually. They gave a good account of themselves as they, too, won first place in the Interscholastic meet. The girls' team was coached by Miss Patricia Nicholson and Mrs. Jane Williams.

Sharon Goss, Mary Devereaux, Margaret Meyer, Barbara Miltner, Mary Westberg, Carole Mooney, Mrs. Richard Williams, Jill Newcomb, Marcia Pettengill, Carolyn Huckle, Beverly Scholten, Sharron Smith.

Few Basketball Wins but Many Thrills

While the basketball team lost a majority of its games, the season was an exciting and thrilling one because of the many close finishes.

Our first win came against the Big Rapids Cardinals. It was truly a team victory with Tom Gibson and Dean Kidder starring on defense and George Nichlas on offense. The next few weeks the Vikings lost very close games to Ludington, Manistee, Alma, and Petoskey.

Cadillac's second victory of the year came on a spectacular upset over the class A Traverse City Trojans, 61-56. A torrid

outburst in the early part of the fourth quarter gave Cadillac the lead they needed. Robert Becker's outstanding floor generalship, the high scoring of George Nichlas and Dean Kidder, and the rebounding of Marv Boersma and Tom Gibson all combined to give the Vikings their big punch. The last Viking victory came against Manistee with Cadillac coming from behind at halftime, and winning a 58-49 decision. The Vikings wound up the season by losing a heart-breaker to Alma, 64-62 in a second overtime period.

Nichlas was named to the all-conference basketball squad, while Kidder, Gibson, and Becker received honorable mention.

The 1954 track season ended with the team no more successful than was the unhappy 1953 team. Hope for the future is seen in the fact that at the underclassmen's meet at Big Rapids the Vikings gained second place with $5\frac{1}{2}$ points.

Better scorers for Cadillac were Ronald Kallenger, Jerry Fageman, Donald Miller,

Richard Anderson, James Finger, and Richard Schumacher.

Golf and Tennis Teams Do Well

Golfers Win

Sparked by the fine playing of Robert Meyer and Michael McCarthy the Viking golf squad teed off to a five win, two loss, and one tie record in eight matches during the regular season. Their tournament record wasn't up to par as the boys took fourth place in the regional matches. Several of the boys were underclassmen so will be available for improved competition on the 1955 team.

Golfer Michael McCarthy and tennis player Dean Kidder hold the trophies offered for conference victories.

Netmen Triumph

Last Spring the Cadillac tennis team had another grand slam season, as they won nine out of ten dual meets. This record was topped with a first place in the conference meet, and still another first in the regional meet. With a lot of veteran players coming back next year Coach Bradley is hopeful for a successful '55.

They Dream of Batting 400

The 1954 baseball season opened with a tremendous amount of hope and enthusiasm for a successful season due to the arrival of the new coach, John Lannon. However, even the best of coaches needs good material and it just wasn't there. The games and trips were well worth the effort as they helped gain experience and training which will help make a successful '55 team.

Your Log Records

Mr. Van and Nancy Decker plan the lay-out for the ad pages in the Log.

As our theme states, all progress is built on men's dreams. Over a year ago your Log staff started dreaming, dreaming of the best Log ever for 1955. We dreamed of producing a book of which all the students could be proud, as proud as they have been of the prize-winning books of past years. We dreamed of beautiful photography, of picturing every pupil in C. H. S., of writing sparkling copy, of ads and subscriptions and budgets, of lay-outs and dead lines and art work.

Dreams alone, however, do not make progress. After the dreamer must come the worker, the laborer who makes the dream come true. That is what the staff members became after they had finished their dreaming. The workers were lead by the editor-in-chief, Nancy Decker. To assist her Marilyn Sprague took the job of business manager. Karen Earl and Annette Fettig

solicited advertising; Nancy Johnson and James Cawley wrote copy; Mary Westberg mounted pictures; Frances Ridolph, Mary Ann McCarthy, Hernestina Chapa, and Carole Mooney labored at the drawing boards; Irene Manker, Grace Burton, and Sonia Emilson typed copy. Mr. Van was the adviser who provided the experience to match our inexperience.

Now you have in your hands the result of the dream we had in the Spring of '54. It is the hope of the staff that the 1955 Log is, in fact, a dream come true.

The Cadillacan Keeps Us Informed

The announcement in the homerooms, "The Cadillacan will be out at 3:30 today," told the students that the journalism class had again met its bi-weekly dead line. Carrying on its three-fold purpose of informing, entertaining, and educating the school, the Cadillacan passed another year of successful publication.

Diligent editor for the 1954-'55 season was Daniel Herringa, assisted by Harriett

Witt as managing editor, and Sharon Peterson as business manager. Wearing a path up and down the business district to sell advertising were Robert Becker, David Sprague, Tom Breidenstein, and Charles Miltner. Mr. Babcock as journalism teacher was the adviser.

One project of the staff was the sponsoring of the annual homecoming celebration. Another was the weekly news program

Juniors Invite Seniors to Banquet

In a gym decorated with fairy land characters the juniors entertained the seniors with a banquet last Spring. As they watched Simple Simon and the sheep in the meadow, they played Jack Spratt and his wife with

a sumptuous menu that started with fruit punch, meandered on through mashed potatoes and gravy, hop-skipped among string beans and carrot sticks, and finally terminated at the strawberry shortcake.

Prominent at the speakers' table were John McClinchey, Thomas Thompson, Jerry Fagerman, Sonia Emison, Larry Cass, Dean Kidder, Mrs. Bird,

Mr. Bird, Rev. Carpenter, Dan Herringa, and Pat Dillon.

A group of sophomore girls served at the banquet. In the picture are Janet Dennis, Mae Rydstrom, and Ardithe Jacobson.

Mary Westberg, Juanita Carlington, and Carol Mattson helped with the seating arrangements and programs.

After the banquet some of the junior boys put away the chairs and tables.

Student Council Represents Students

Improving the school and community accounted for many of the Student Council's projects during the past year. The annual Christmas bag distribution and collection was one of the worthy projects which turned out to be a big success. Also as an aid to our community the council supervised the community chest drive in our school.

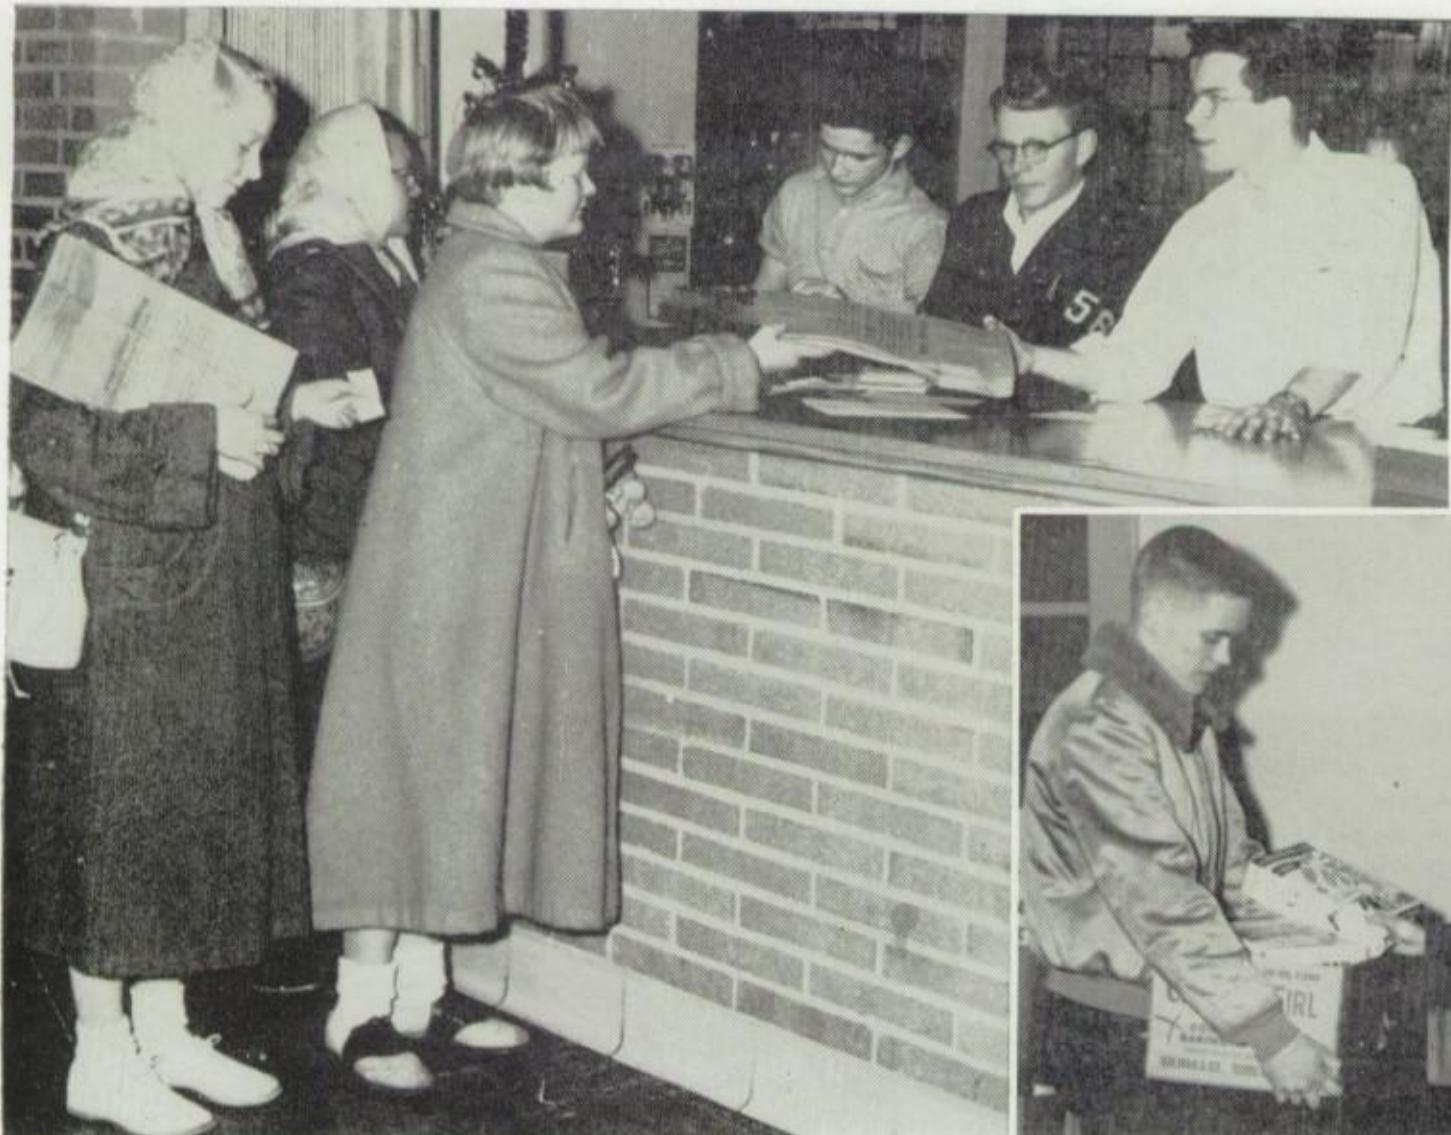

Early in the school year the Student Council sponsored a square dance in the school gym which was such a success that the students wanted them continued.

The council has made a special effort to inform the rest of the students about the different topics discussed at the meetings and to find out what they think about them.

Every Fall two parties nominate candidates for governor, secretary, and treasurer. After the campaign speeches are made, the students elect their officers. This year Ronald Kallenger was elected governor; Corinne McGuire, secretary; and Kenneth Dodge, treasurer. Mr. Mills is the council adviser.

Ronald Kallinger, Kay Rice, and Mary Devereaux put up posters to advertise the Red Feather campaign.

We Like to Listen to the Band

This year, as usual, proved to be a huge success for the band. Perhaps this can be attributed to the fact that the organization has grown to be the biggest ever with a total of about eighty members. Third hour every day a large group of Junior High band members come over and combine their musical abilities with those of the Senior High students.

The band had another full season this year with marching at the football games heading the list. A lot of time, work, and patience all go into these halftime performances which took the musicians to many out of town games as well as to the ones at home. The district solo and ensemble festi-

val was held at the Cadillac Senior High this year with four groups of our band members taking first ratings. Early in the Spring the band began practicing for their annual Spring concert which, as usual, offered an entertaining program. The massed band festival was held in Cadillac again with a parade and a combined band concert highlighting the events. In April the band assisted at the dedication of Cadillac's new armory.

During the Winter season the Honor Band provided peppy music at the basketball games. The band was also ready for the many parades during the year, and rounded off their activities with a picnic in June.

End of School Brings Picnics

What could be more fun than a day in June when the kids gather at the beach? Many C. H. S. organizations — the band, the sophomore, junior, and senior classes —

have picnics during commencement week. Everyone meets at the lake or park and has a great time swimming, playing tennis or volleyball, and roasting hot-dogs.

A group of seniors roast wieners around the fire at school camp.

Sunning themselves on the beach at the band picnic are Nancy Decker, Virginia Moyer, Georgia Munson, and John McClinchey.

"Curtain Going Up!" Is a Big Hit

Did you ever wonder what it is like to get ready for a school play? You have the answer if you saw this year's junior-senior play, "Curtain Going Up!" presented February 24 and 25. The plot of the play dealt with the problems of Miss Burgess, played by Patricia Dillon, as she directs the annual play at Riverview High. A few of the characters with whom she has to deal are a stage struck girl, her jealous boy friend, a girl with ambition, a wise-cracker, a Neanderthal character from the football team, a high school Romeo, and a giggling coed. Further obstacles are thrown in her path by an officious janitor, the senior adviser, and various other teachers. However,

she finally presents a successful production and even finds a sweetheart in the process.

Mr. Van directed the play. Mr. Babcock headed up the business staff while Mr. Flickinger and his stage design class were responsible for the stage. Doris Crosby and Irene Manker were prompter and property manager respectively.

Miss Vilas recruited a number of students to act as ushers while other class advisers were busy pushing ticket sales and making seat reservations. Following the second showing, a big party was sponsored for the actors by some of the parents.

Left: Robert Maddox, the Neanderthal actor from the baseball team, is mobbed for his moustache by a half dozen ushers. The girls are Virginia Soukup, Claudia Towers, Phyllis Bogen, Sally Cook,

Discussing the forthcoming Spring play at River-view High are Leona Johnson, the assistant director, Harriett Witt, in charge of publicity, and Cecelia LaMonde, the property manager.

These girls doubled for the above three in the Thursday performance. On that evening, Joyce Yeomans was in charge of publicity, Leona Johnson in charge of properties, and Judy Swartz was Pat Dillon's assistant.

Let's All Sing

Twice a week the boys' glee club, twice a week the girls' glee club, and once a week the boys' and girls' together made with the high notes and the low notes in the music room as they practiced their songs. At Christmas they entertained the students at an assembly and in the Spring they presented a concert for the public.

Y-Teens Help Build School Spirit

"Come and meet the gang" was the cry that greeted their new members as the Y-Teens gathered for the first time at their

annual "Get Acquainted" party. Early in the year, the Y-Teens agreed to double as a pep club. So, as had been their tradition, they made blue and gold shakers which added color to the basketball games. Also, to build up school spirit, they put on a pep assembly skit.

They donated money to the Community Chest and the March of Dimes. When the club piggy bank began to indicate a dull jingle, they planned ways to make it and themselves happy again. This was accomplished by sponsoring bake sales, carmel apple sales, and the Easter Dance.

Thus the year ended with their end-of-the-year banquet, which honored their officers, Frances Ridolph, president; Joan Miller, vice president; Marcia Moore, secretary; Carolyn Huckle, treasurer; and Mrs. Worden, their adviser.

Charles Miltner Wins Governorship

The highlight of the 1954-55 Hi-Y Club season was the election of Charles Miltner to the Governorship of the Hi-Y-Tri-Hi-Y State Legislature. This bestowed a great honor on the club, school, and community as it is the first time a member of the Cadillac Hi-Y Club has been elected to the office of governor of the legislature.

The lighting of the Cadillac Senior High School sign on the northwest corner of the gym and the purchasing of a new nylon flag for the school were the main projects of this year's club.

The Hi-Y Club entertained the football players and their fathers at a banquet in the school cafeteria at the end of the football season.

A two-hundred dollar scholarship is again being offered to a senior member of the club. A Christmas basket of food was given to a deserving family. The Hi-Y was also host for the annual father-and-son banquet for all Hi-Y and varsity football members.

This year's club president was Marvin Boersma, with Tom Thompson, vice-president; Charles Miltner, secretary; and Tom Gibson, treasurer. Mr. Edward Babcock was the club's adviser.

Top row: Donald Barnes, Dennis Johnson, Richard Schumacher, Charles Miltner, Ronald Kallinger, Lee Kuizenga.
Second row: Daniel Herringa, Donald Worm, Robert Meyer, Thomas Gibson, Larry Veeder, Ronald Gumper. **Third row:** Howard Klifman, Gordon Bell, Jack Ferris, Ronald Williams, Lawrence Asiala, Lloyd Lamphere, Carl Munson. **Front row:** Kenneth Dodge, Robert Maddox, Richard Anderson, Mr. Becker, Dean Kidder, Jerry Fagerman, Robert Becker.

Varsity Club Sponsors Athletics

The Varsity Club, made up of Cadillac High's letter winners, again served the school and community in carrying on many services. Their first projects were to assist in bringing Michigan State football pictures and to sell Viking-head pins and decals to the students. The big event of the year was the presentation of the second annual Blue and Gold formal dance which was held on February 12. This proved to be a huge success. Movies of the Big Ten football high lights were shown during the noon hours in February.

Immediately after these movies, the Varsity Club again assisted in managing the district and regional basketball tournaments held here in March. A job was found for each of the club's members during the tournaments. A big "Cadillac" pennant was sold to each of the homerooms to be put on display there. Framed pictures of Cadillac's past and present football teams were placed in the hall outside the gym. Two more shields were put in the gym.

Mr. Becker again served as the club's faculty sponsor. Dean Kidder, president; Jerry Fagerman, vice president; Richard Anderson, secretary; and Robert Becker, treasurer, served as officers.

Larry Asiala (right) sells Viking pins to Vernon Fellows, James MacDonald, and Maria Anderson.

Top row: Jack Ferris, Eldon Norman, John McClinchey, Donald Podbilski, Robert Townsend, Paul Altman, Richard Brink. **Middle row:** Thomas Brooks, Charles Miltner, Lois Alderton, Virginia Moyer, Georgia Munson, Margaret Stroh, Jill Newcomb. **Front row:** Mr. Sommers, Robert Maddox, Donald Worm, Gary Miller, Mary Ann McCarthy, Gordon Bell, Mr. Erb.

Arts and Crafts for Hobbyists

Boys and girls busy at work with hammers and saws, that is the sight that meets ones eye upon a visit to the Arts and Crafts Club. Even the girls show a keen interest, especially in the wood working department. They have turned out some exceptional and interesting work. The members have made twined bowls, bookcases, coffee tables, and various wrought iron objects.

In the second year of activity the club has increased its membership to capacity. Meetings are held for two hours on Thursday evenings. Gordon Bell, veteran handi-craft worker, is president of the club. Gary Miller is vice president and Robert Maddox is treasurer. Mary Ann McCarthy serves as secretary with Donald Worm as librarian. Mr. Sommers and Mr. Erb are the advisers.

Virginia Moyer, Robert Maddox, and Don Podbilski work on their projects at a club meeting.

Top row: Sue Henne, Delia Knapp, Sandra Asiala, Jane Marttila, Irene Manker, Marilyn Johnson, Deanna Moore, Cherie Campbell, Charlene Bostwick, Annette Fettig, Mary Budewitz, Dorothy Faunce. **Second row:** Carol Kaniipe, Kathleen Kennedy, Sandra Brehm, Sandra Whitney, Elizabeth Spoor, Marlene Rensberry, Frieda Gerard, Sally Cheesbro, Ermine Phillips, Judy Cass, Linda Mickelson, Judy Marshall, Maria Anderson. **Third row:** Shirley Watson, Coral Tyler, Marilyn Torney, Margaret Nugent, Loretta Stroh, Alice France, Sarah Brown, Ethel Blaksley, Joan Plowman, Margaret Stroh, Virginia Soukup, Janet Lamphere, Geraldine Shepard. **Fourth row:** Judith Swartz, Marguerite Robertson, Delores Sandelius, Faye Henderson, Rita Huestis, Doris Crosby, Donna Trowbridge, Ardith Jacobson, Kay Uptegraft, Helen Emmons, Sonia Drobny, Georgia Munson, Sharon Goss. **Front row:** Judy Emerson, Lois Gran, Patricia McKernan, Jeanette Husted, Corinne McGuire, Sally Nelson, Patricia Dillon, Beverly Bougrand, Mrs. Dell, Ann Sundstrom, Janet Paquette, Judith Wittenstrom, Judith Barnum.

Patricia Dillon Addresses State Y. M. C. A.

A model meeting, Hi-Y—Tri-Hi-Y Legislature, the Damsel Drag, and coat checking projects high-lighted this year for the Tri-Hi-Y girls, under the direction of Patricia Dillon, president; Beverly Bougrand, vice president; Corinne McGuire, secretary; and Sally Nelson, treasurer. Mrs. Dell acted as adviser. The first event was the initiation banquet with the Hi-Y boys. Later a model meeting was held which mothers attended, and a tea followed.

Four Cadillac girls attended the Legis-

lature. A television program high-lighted the holiday season. Meetings were used as occasions for reconditioning toys for the Salvation Army. Patricia Dillon represented all the Tri-Hi-Y Clubs in Michigan in Ann Arbor on March 12 where she spoke at the 80th convention of the Y. M. C. A. on "What the Tri-Hi-Y Club Means to Girls in Michigan." March 7 the Hi-Y, with the Tri-Hi-Y, honored both basketball and ski teams at a banquet.

The coat-check was the biggest money-making project. Several contributions were made to many worthwhile causes. Among these were the March of Dimes, the P. T. A., and the State Y. M. C. A.

One of the big projects conducted by the Tri-Hi-Y during the year was a coat check at the basketball games and other gatherings at the high school. In the picture are Sharon Goss, Judy Swartz, Geraldine Shepard, and Loretta Stroh.

Top row: Patricia Sorensen, Nancy Harris, Rosella Blevins, Pauline Nienhuis. **Middle row:** Roma Shepherd, Judith Peterson, Mrs. Nelson, Ann Baker, Phyllis Tripp. **Front row:** Althea Johnson, Carole Jenema, Marguerite Robertson, Mabel Young, Dorine Wessman.

Learning the Life of a Nurse

This is the third year of existence for the Future Nurses' Club. Its purpose is to encourage and help girls into nurses' training. Mrs. Anna Marie Nelson is the club adviser. The officers are: President, Mabel Young; Vice President, Marguerite Robertson; and Secretary-Treasurer, Dorine Wessman.

The club was hostess to Michigan's fifth annual Future Nurses' rally held here in October. Mabel Young was elected Michigan State Future Nurses' president at this time. The girls have heard several lectures

on different schools of nursing and nursing in general. They visited Mercy hospital and also went on a field trip. They decorated Mercy Hospital at Christmas time, and made paper bags for the patients in the hospital. The annual mother-daughter banquet was held May 9 when the girls received their pins.

There are five senior girls in the club who are planning on going into nurses' training.

We believe good training, proper attitude, and a willingness to work to be very essential in order that you may enjoy a full and good life.

At this time of your life, many of you have made no decision as to your vocation or life's work, nor have you given any particular thought to a means of earning your livelihood. We hope you will study the opportunities available in local industry and business establishments. If we can help you in any way, we are at your service — whether you choose work of a technical or professional nature, clerical, skilled or production work, or if you have hopes of entering into some phase of industrial management.

We sincerely hope for your success.

BILL'S GRILL

"A SMILE"

A smile costs nothing, but gives much. It enriches those who receive, without making poorer those who give. It takes but a moment, but the memory of it sometimes lasts forever.

None is so rich or mighty that he can get along without it, and none is so poor but that he can be made rich by it.

A smile creates happiness in the home, fosters good-will in business, and is the countersign of friendship. It brings rest to the weary, cheer to the discouraged, sunshine to the sad, and it is nature's best antidote for trouble.

Yet it cannot be bought, begged, borrowed, or stolen, for it is something that is of no value to anyone until it is given away.

Some people are too tired to give you a smile. Give them one of yours, as none needs a smile so much as he who has no more to give.

Best of Luck in
the years to come.

Dear Joyce:

Well, pal, I guess I better start writing. If I am ever going to fill up this page.

We've had a lot of fun together since I started working at Cunningham's and after I quit. One good thing came out of working down there and that was to meet you.

We'll really have a ball when we get down to State, won't we? I can hardly wait. Only one more year and we'll be there, I hope.

Remember all the good times we've had, roddin' around and out to the beach. Too bad the sun doesn't shine on your days off. Oh well, we'll have sunny days this summer and then we can go.

Did you have fun at Ishpeming during Spring Vacation. That boy was real cute. Whatever happened to Ken?

(I'm trying awfully hard to fill this up!)

Well Joyce next year we'll be seniors and then maybe I can think of something more to say. For once I am at a loss for words! Take it easy on the indoor sports! See ya at the banquet!

Love in Luck (Faunee)

OUR BOOK OF DREAMS

Dear George,
We are going away
We don't know where
We're going to have
a good time.
Well George. Judy S. (56)
